

Megacross Covid-19 Process

If you feel sick, have a temperature, or know someone that does or is sick.....STAY HOME!

Print out and bring your sign up forms to sign up.

Keep social distancing at all times

Do not assemble closer then 6' at any time.

WASH YOUR HANDS! Often!

Wear a mask or keep your helmet on as you desire.

Best thing is use common sense. In today's world it seems they think they know best. Just treat this like it is family, and you don't want others to get sick in our expanded family.

Have a great day!
